

A few words from Björn

Hello

Hope everyone is well!

I think it was a very nice company meeting last week. We have received good feedback from the meeting, not least that the smörgåstårta was good...

The information from the meeting will be sent out, so that those of you who were unable to participate will also receive the correct information.

This week we have two fairs at Chalmers, Harm and DatelT. Right now as I write this, so far we have had time to be at Harm. It felt very positive. We met many possible new thesis students. In the next few weeks, there will be interviews with some of these to be able to start exciting ex-jobs in the spring.

Have a nice weekend!

What's going on at the office?

Due to the change in the Rental Act, which we received information about at the company meeting, we will be setting up a register of employment offers by customers as of 2022-10-01. This is to be able to get a better overview of the situation and so that we can help you keep track, so that nothing is missed. If you received an offer after October 1 or receive one in the future, please email and inform Åsa about this. This is of course voluntary.

In the step competition, it was team 2 who claimed the win. They were the only team that went all the way between Treriksröset and Smygehuk. Team 2 consisted of Marcus, Peter, Isabelle, Björn, Linnea, Andreas A and Pontus. The individual winner of this year's step competition is Johnny Truong. Congratulations to all the winners!

Soon it will be time for Christmas leave and we therefore want you to start thinking about possible holidays around Christmas. We will send out a holiday list, which you fill in and send to us.

Now the fundraising for the photo competition is coming to an end. Soon we will send out a poll. We hope that you will all vote and that together we contribute to creating a nice website.

The Broccoli team

We want to welcome our new colleague **Elma Esati** who started here in september. This is how Linnea describes herself:

"Hi! My name is Elma and I studied Computer Science at Chalmers. I grew up in Halmstad but moved to Gothenburg five years ago. On my free time I usually hang out with my friends. When I'm not doing that, I like to read books or to crochet in front of an exciting documentary or serie."

Project tracking

Esad Osmanovic has started a new assignment at CEVT as a System Engineer – Vehicle Mode Management.

Johnny Truong will start a new assignment in january at CEVT as a Test Engineer in Body Electronics.

Anders Truong will start a new assignment in january at HMS as a consultant in the Feature-team.

Anna Manfredsson will start in December on a shorter special assignment at VCC creating educational videos for SPA2.

Available for assignments right now:

Elma Esati

Emily Giotas Andersson (start 2023)

Vivekanandhi Rajasekaran (start 2023)

Upcoming events

2/12 Christmas dinner

14/12 Glöggmingel

19/1 Broccoli breakfast

18/5? Broccoli 30 years trip

Best regards,

Åsa Vikström

HR and Konsultansvarig at Broccoli
